

# **UbiRegulators – RUBICON**

## **Teaching Course**

### **"Functions of Ubiquitin and Ubiquitin-Related Protein-Protein Modifications in Cell Biology"**

**June 2 – 6, 2008**

**Hotel Zollernblick, Lauterbad near Freudenstadt/Black Forest**

## **Preliminary Programme**

### **Monday, June 2**

18:30 Arrival, Welcome, Dinner

20:00 – 21:30 Hidde Ploegh, MIT, Cambridge, USA  
"Mechanisms, Biology and Inhibitors of Deubiquitinating Enzymes"

### **Tuesday, June 3**

9:00 – 10:30 Dan Finley, Harvard Medical School, Boston, USA  
"Regulation at the Proteasome"

10:30 Coffee Break

11:00 – 13:00 Presentation of Students Related to the Two Presented Topics and Discussion

13:00 Lunch

15:00 – 19:00 Informal Get-together of Students and Teachers

16:30 Coffee Break

19:00 Dinner

### **Wednesday, June 4**

9:00 – 10:30 Scott Emr, Cornell University, Ithaca  
"The ESCRT Pathway"

10:30 Coffee Break

11:00 - 13:00 Literature Presentation of Students Related to the Topic and Discussion

13:00 Lunch

15:00 – 16:30 Jürgen Dohmen, University of Cologne, Germany  
"SUMO-Specific Ubiquitin Ligases"

16:30 Coffee Break

17:00 – 19:00 Literature Presentation of Students Related to the Topic and Discussion

19:00 Dinner

20:30 Dr. Henk Vietor, Drug Discovery Factory BV, Netherlands

Thursday, June 5
------------------

9:00 – 10:30 Helle Ulrich, MRC, London, UK  
"Sumo, Ubiquitin and DNA Repair"

10:30 Coffee Break

11:00 Literature Presentation of Students and Discussion

13:00 Lunch

15:00 – 16:30 Fulvio Reggiori, University of Utrecht, Netherlands  
"Autophagocytosis"

16:30 Coffee Break

17:00 – 18:30 Dieter H. Wolf, University of Stuttgart, Germany and Thomas Sommer, Max-Delbrueck-Centre Berlin, Germany  
"Protein Quality Control and Degradation of Misfolded Proteins of the Endoplasmic Reticulum and the Cytosol"

18:30 Dinner

20:00 – 22:00 Literature Presentation of Students and Discussion

Friday, June 6
----------------

Breakfast and Get-together of Student Fellows
